

Thermal Pre printed Paper approval Certificate

This certificate is to confirm that the thermal plain paper listed below has passed the Scientific Games test procedure for thermal paper, and is approved for use in the Scientific Games E4120, E5120, E6120 and MX printers.

If any changes regarding inks, ink manufacturer, layout or printing methods are made, a verification test must be done to keep this approval.
The approval is valid for two years after the latest confirmation date.
